Gaia Stream: [GD-1]
Cluster 2 (n= 33)
Southern segment, near progenitor search region

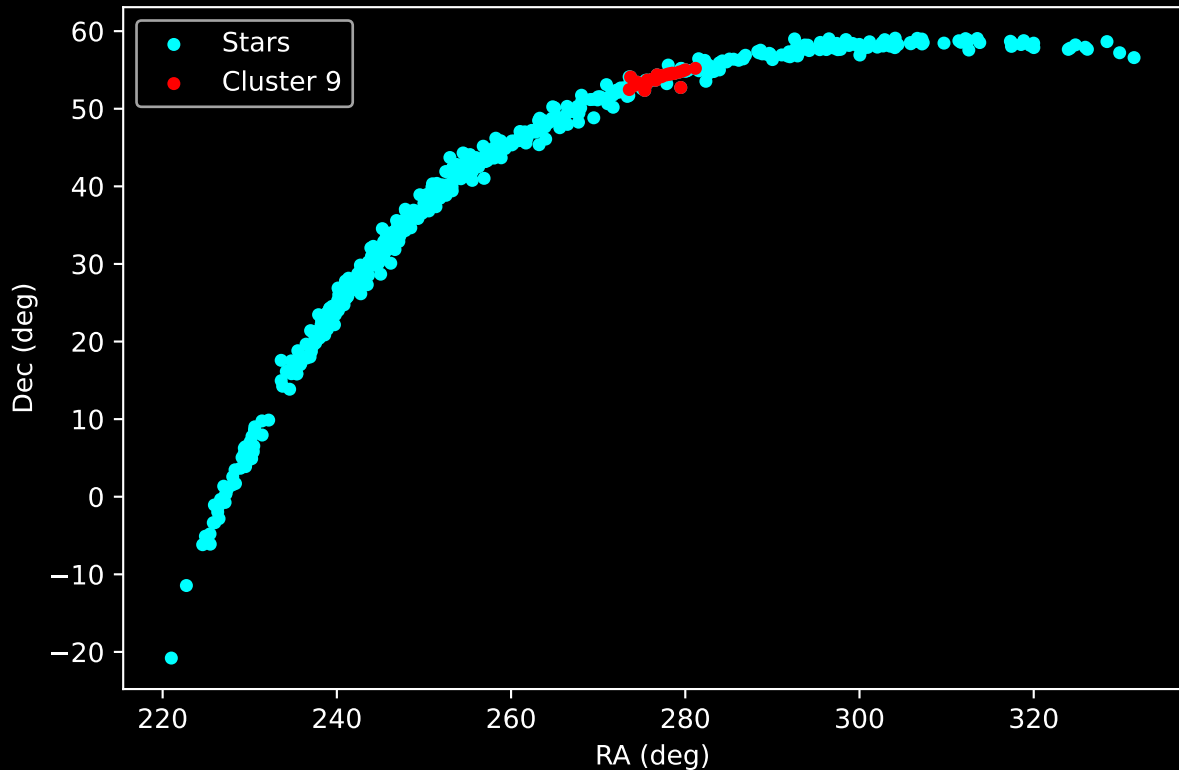

Gaia Stream: [GD-1] Proper Motion Vectors
Cluster 2 (n= 33)
Southern segment, near progenitor search region

Gaia Stream: [GD-1]

Cluster 9 (n= 25)

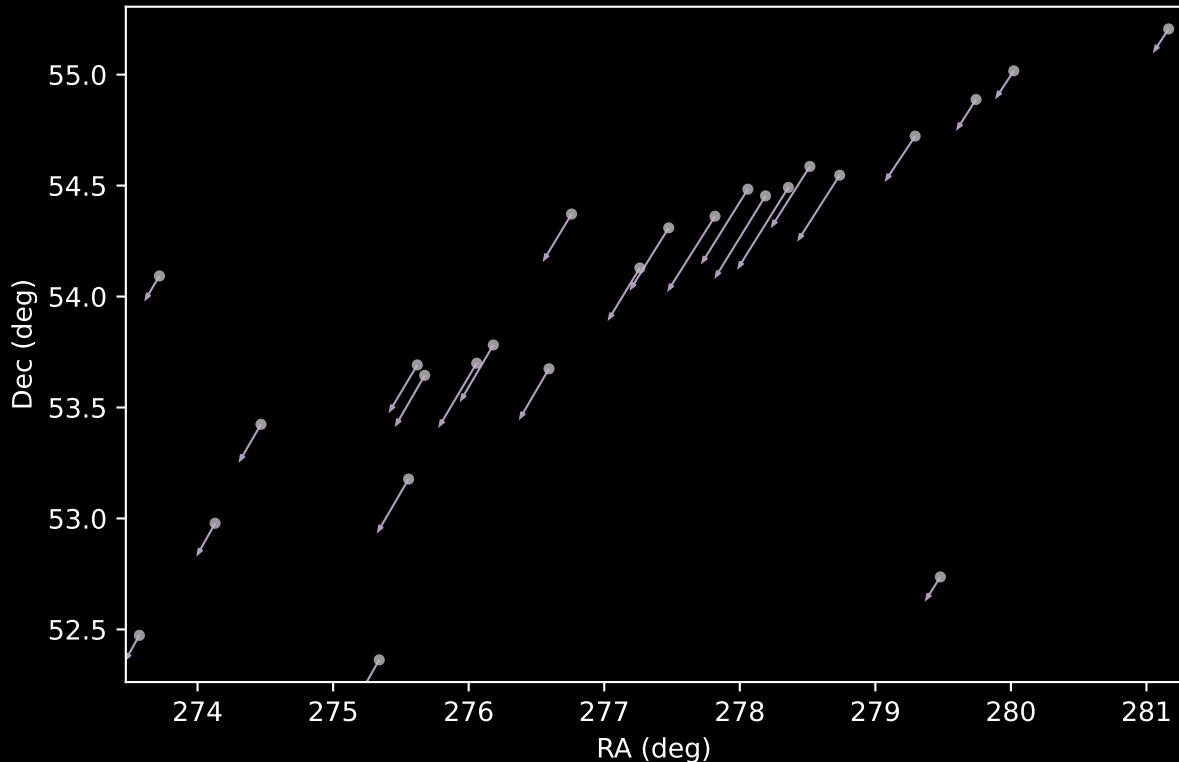

Northern gap/spur candidate; possible new or under-studied feature

Gaia Stream: [GD-1] Proper Motion Vectors

Cluster 9 (n= 25)

Northern gap/spur candidate; possible new or under-studied feature

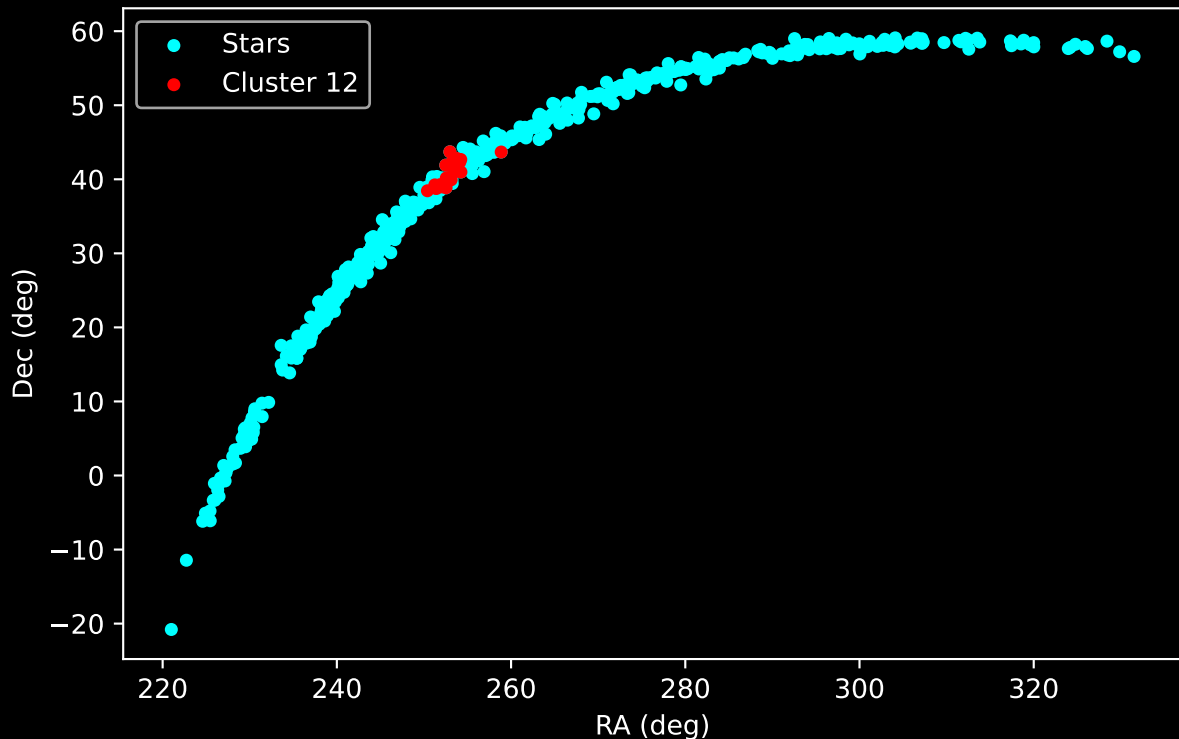

Gaia Stream: [GD-1]

Cluster 12 (n= 23)

Directly coincides with the famous GD-1 Spur (Price-Whelan & Bonaca 2018)

Strong evidence of recent perturbation

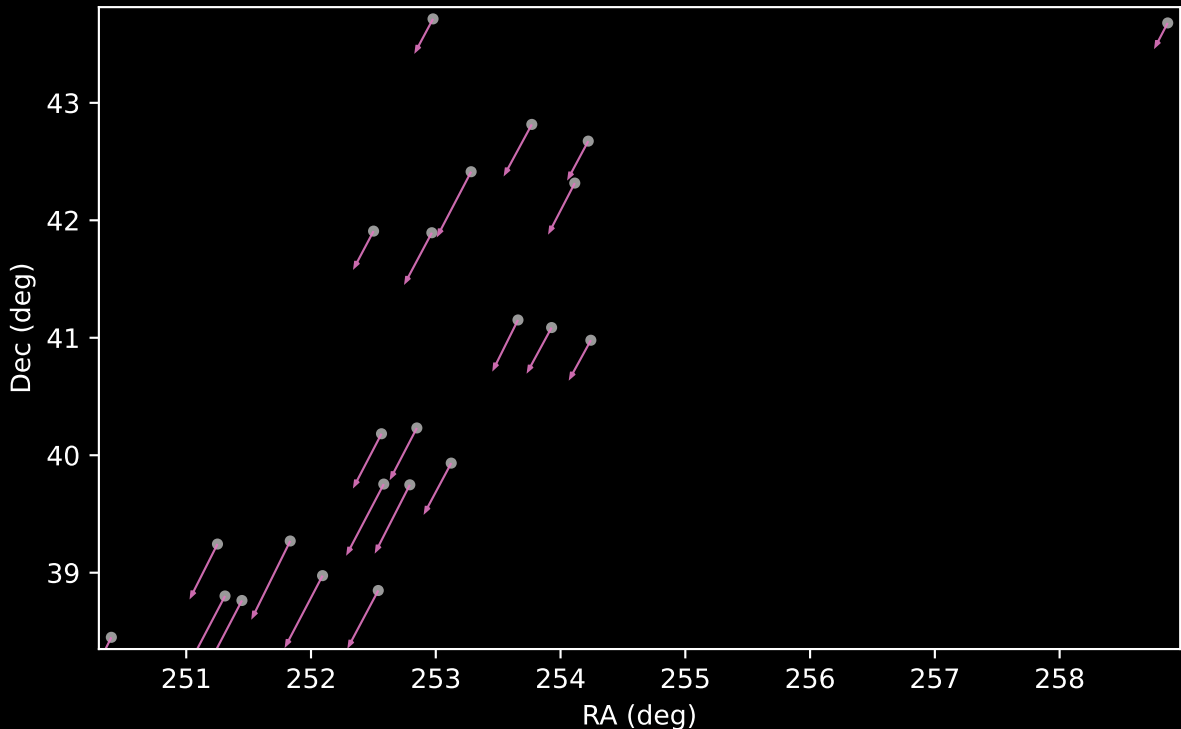

Gaia Stream: [GD-1] Proper Motion Vectors

Cluster 12 (n= 23)

Directly coincides with the famous GD-1 Spur (Price-Whelan & Bonaca 2018)

Strong evidence of recent perturbation

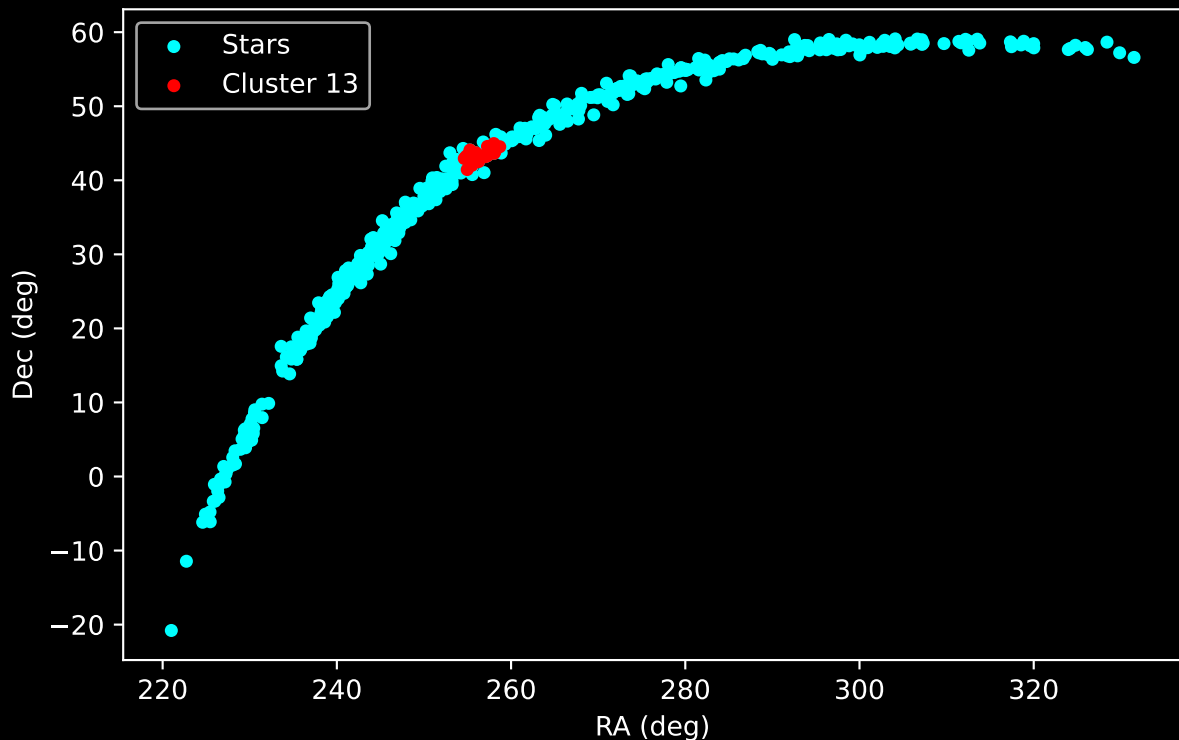

Gaia Stream: [GD-1]

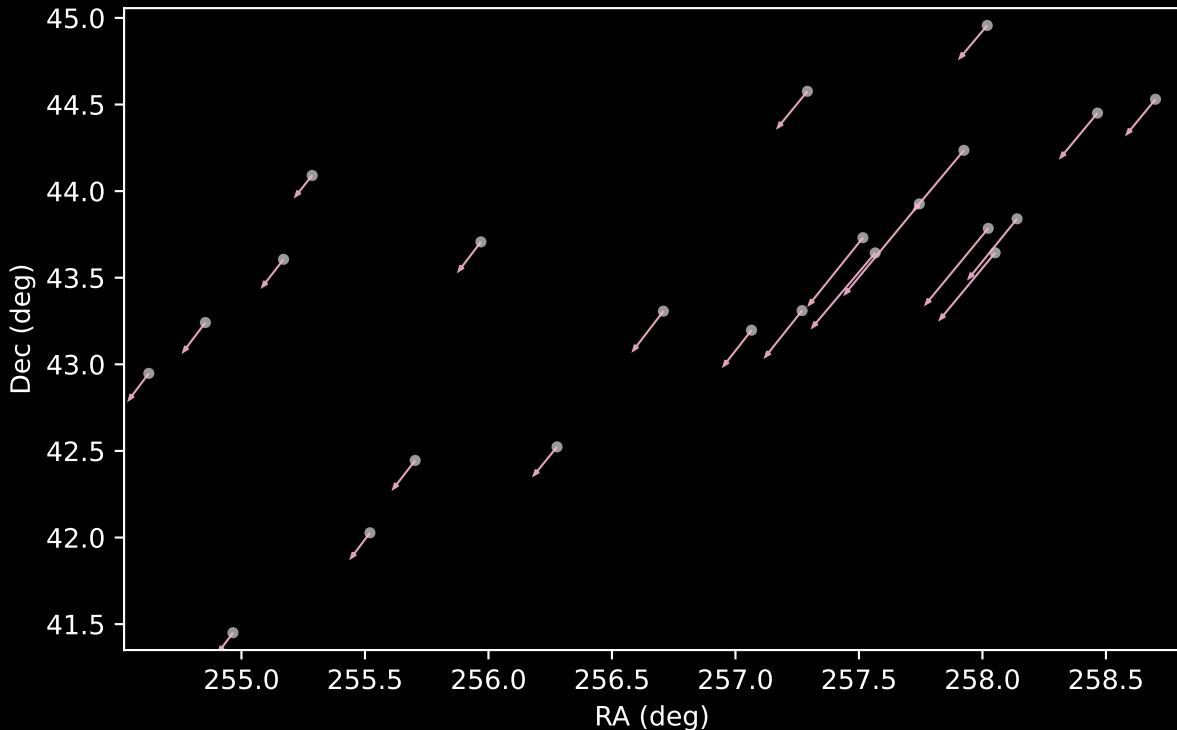

Cluster 13 (n= 23)

Adjacent to the spur — part of the broader Cocoon region

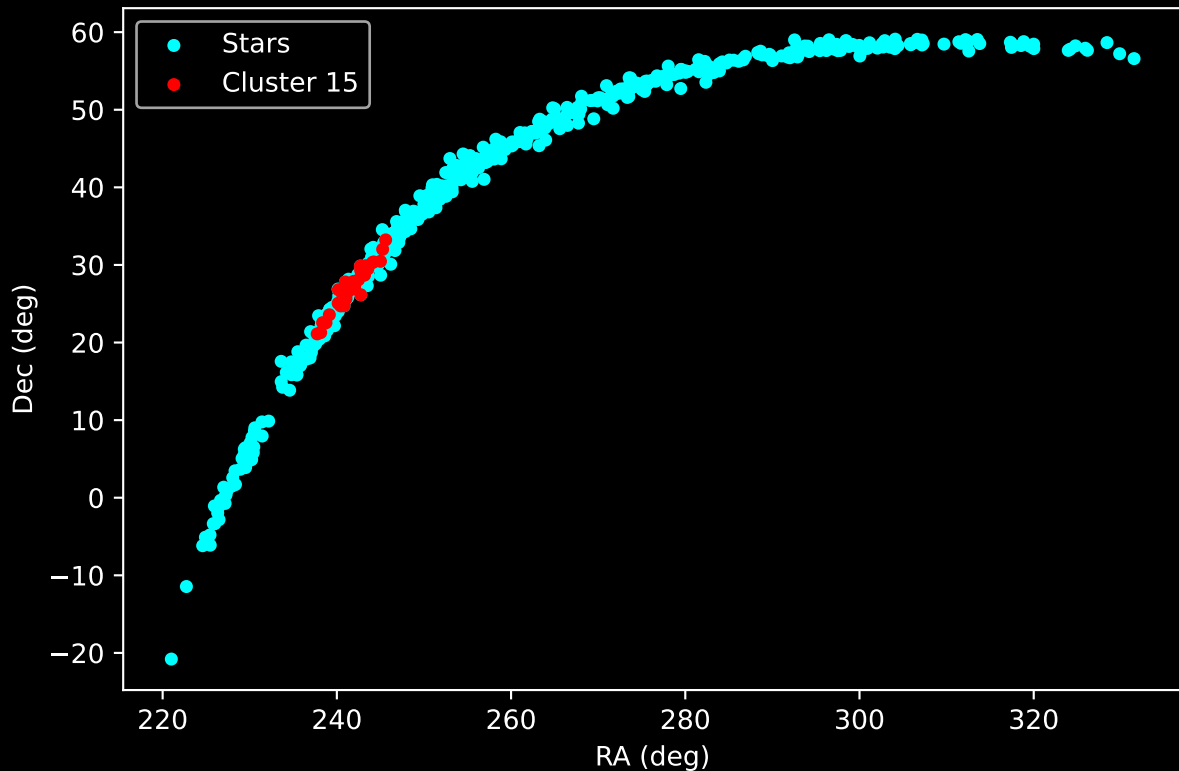

Strong evidence of recent perturbation
